Whole-of-Government Approach in Bangladesh to build CRVS: Investing in Future of Every Citizen

November 26, 2014

Meet Bangladesh

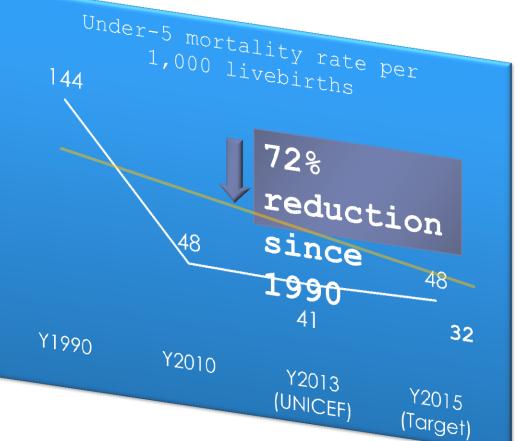

- Small land: 147,570 sq. km.
- Huge Population: 160 million
- World's highest population density: 1,100/sq. km.
- Poor country: GDP per capita
 USD 1,190

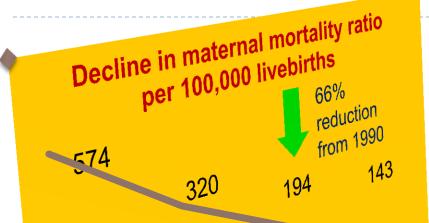

MDG 4 Achieved

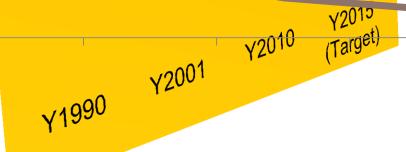

72% reduction since 1990

MDG 5 On Track

66% reduction since 1990

Global Recognitions

MDG 4 Award 2010

Reduction Award 2013

MDG 5 eHealth South-South Award 2011

Cooperation Visionary

2009

& 2012

CRVS – Get Everyone in the Picture: A Matter of Human Right and Human Dignity

- No one should be without a legal identity
- 2. No life should be allowed to remain invisible to policymakers
- No person should fall between the cracks of incomplete official data

What Happened in Bangladesh?

Birth registration

Macro

- ▶131 years 873-2004: 8%
- ▶ 10 years 2004-2014: **75**%

Micro

	Before	After	Savings
Time	10.11 day	4.95 hr	98%
Cost	96.42	59.64	40%
Visit	2.1	1.26	40%

What Caused The Dramatic Improvement?

- Birth and Death Registration Act 2004
- 2. Electronicregistration in4,500+ rural LGIs
- Linking to service delivery

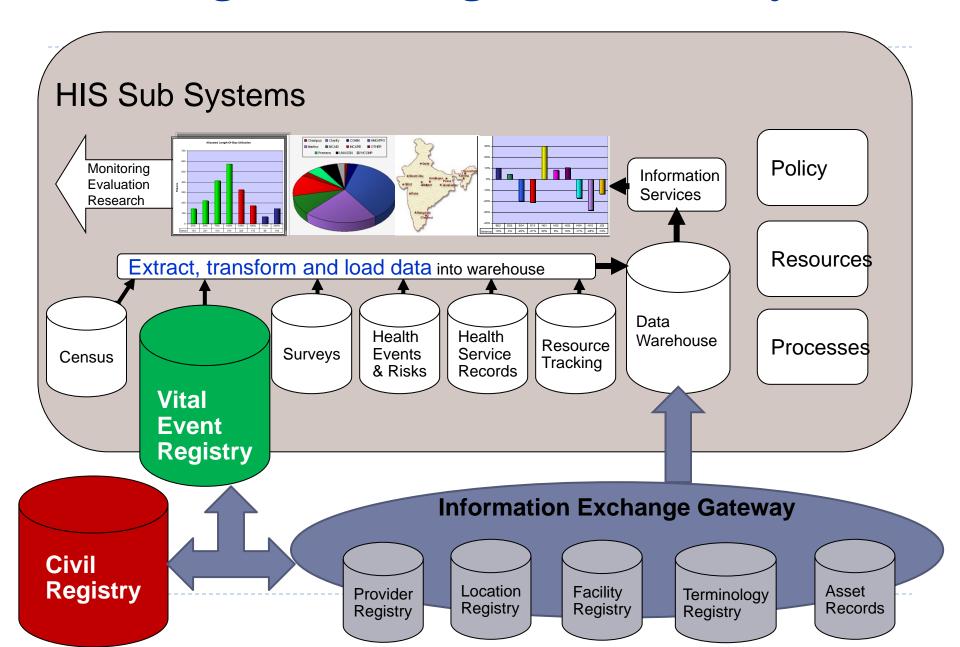

Supportive policy/law

2. Ease of registration

3. Linking to service delivery is the

Building on Existing Health Info System

CRVS Events: Some are more equal than others

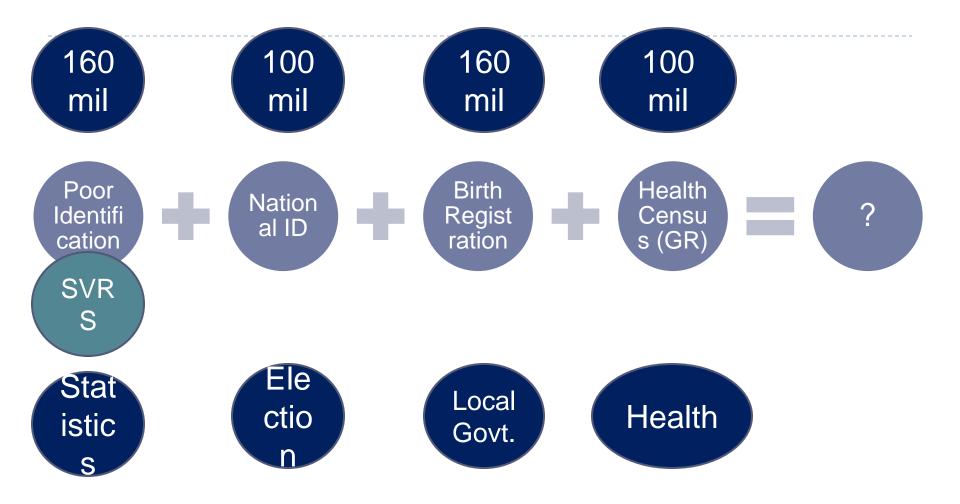

- Birth
- Death with cause of death
- Fetal death
- Marriage
- Separation/divorce
- Adoption

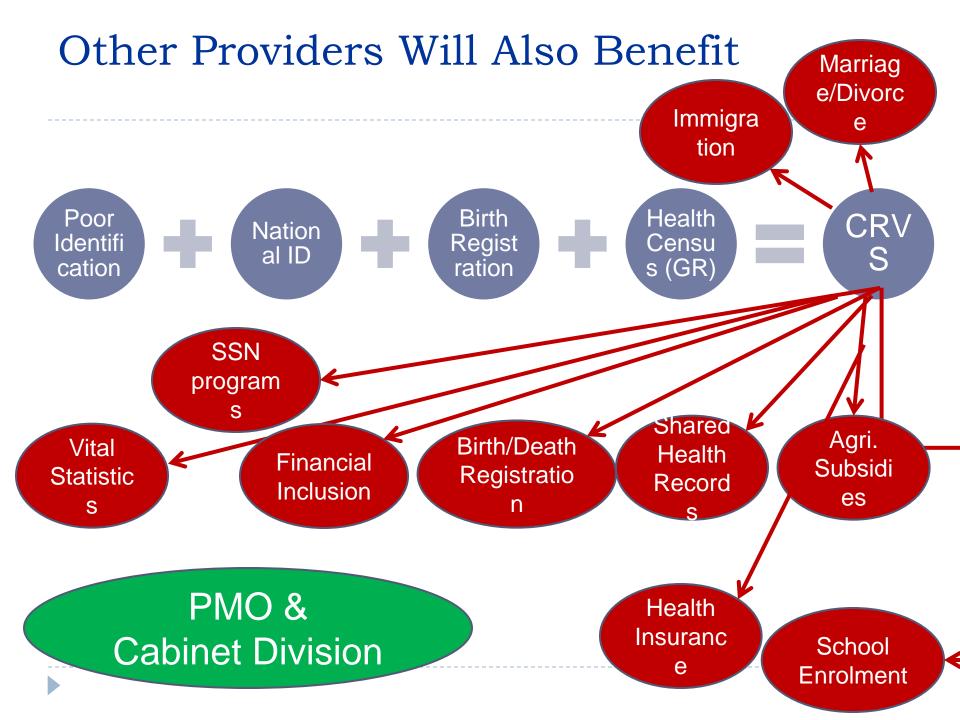

The Governance Picture: Constant effort to break silos

Birth Local Government Statistics Death with cause of death Health Fetal death Sample Vital Marriage Law Separation/divorce Adoption

Major Stakeholders of Citizens' Databases

3 Ingredients of Success

- Whole-ofgovernment approach
- Steering Committee headed by Cabinet Secretary

Political Commit ment

- Highest level
- Supportive laws and policies

Coordin ation

Innovatio

- 5,200+ Digital Centres in LGIs
- 75,000 health and FP workers
- Link CRVS to service delivery
 - Whole-of-government
 - Effective awareness campaign

Open Questions

- 1. How do we align processes across multiple agencies to CREATE, UPDATE, USE CRVS data?
- 2. How much of the data from the field can be collected through digital devices?
- 3. Our CRVS Steering Committee is ensuring the coordination within the government. Who will ensure the coordination with DPs?
